

**Jim Shipley & Associates presents**  
**Continuous Classroom Improvement Certification**

February 2-3, 2023

Tampa Bay area, FL

**Who Should Attend?**

- School Principals
- Leaders who support classroom instruction
- District or school members of classroom technical support teams
- High-performing teachers who are interested in coaching others to implement a classroom systems approach
- School improvement team members who want a deeper understanding of improvement systems

**Key Learning Objectives:**

- Clarify the JSA recommended approach for monitoring and supporting classroom implementation of a high-performing classroom learning system.
- Identify best practices for fidelity, intensity, and consistency of implementation of continuous improvement principles through use of formative and summative system assessments and the JSA Classroom Walkthrough Guide Criteria.
- Begin to develop a plan for monitoring and supporting classroom learning systems in your school/district.
- Recognize what the key elements of a high-performing classroom system look-like, and sound-like.

**Attendee Benefits:**

- Earn certification from JSA confirming competency to coach, model, facilitate, and support the JSA approach to high-performing teaching and learning systems.
- Receive hands-on training provided by a JSA master trainer.
- Learn a variety of strategies to achieve high-performance on the JSA Classroom Systems Check Level III assessment tool, as well as the Classroom Learning Systems Walkthrough Guide criteria.
- Network **in a face-to-face environment** with like-minded educators, who are also implementing *Continuous Classroom Improvement* concepts to engage students and increase learning results.
- Receive JSA's most popular workshop materials and continental breakfast both days included with the price of registration. Lunch will be on your own.
