**EAST CARTER HIGH NAMED THIRD HUB SCHOOL**

(FRANKFORT, Ky.) – Today, the Kentucky Department of Education (KDE) named East Carter High School as its third Hub School, joining Franklin-Simpson High School and Pulaski County High School that were named Hub Schools last year. These schools have shown results of exponentially more college- or career-ready students than other schools and are selected based on data, monitoring visits, and monitoring tools.

In making today’s announcement, Commissioner Terry Holliday called East Carter a Kentucky public education success story. “East Carter is a shining example of how a school can turn around as the result of clear direction, dedication and hard work on the part of faculty, staff and students. You have proven to others, it can be done,” he said.
